Commissioner for Patents

In response to Applicant's election with traverse, the examiner seeks clarification. In Applicant's Remarks, Applicant argues that the subject matter of the claims of the restricted groups are "not distinct". If Applicant's arguments are interpreted to mean that Applicant argues that the subject matter of the claims of the restricted groups are not patentably distinct over each other, then the Examiner concedes that restriction is not proper. Clarification of Applicant's use of the term "distinct" is therefore requested.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Steven B. McAllister whose telephone number is 571-272-6785. The examiner can normally be reached on M-Th 8-6:30.

A shortened statutory period for reply is set to expire 1 month or thirty (30) days, whichever is longer, from the mailing date of this communication. Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after six (6) months from the mailing date of this communication.

Failure to reply within the set or extended period for reply will, by statute, cause the application to become abandoned (35 U.S.C. 133).
